

AN-6000-7

Wiring Panel LEDs in Series with the TORTOISE Switch Machine

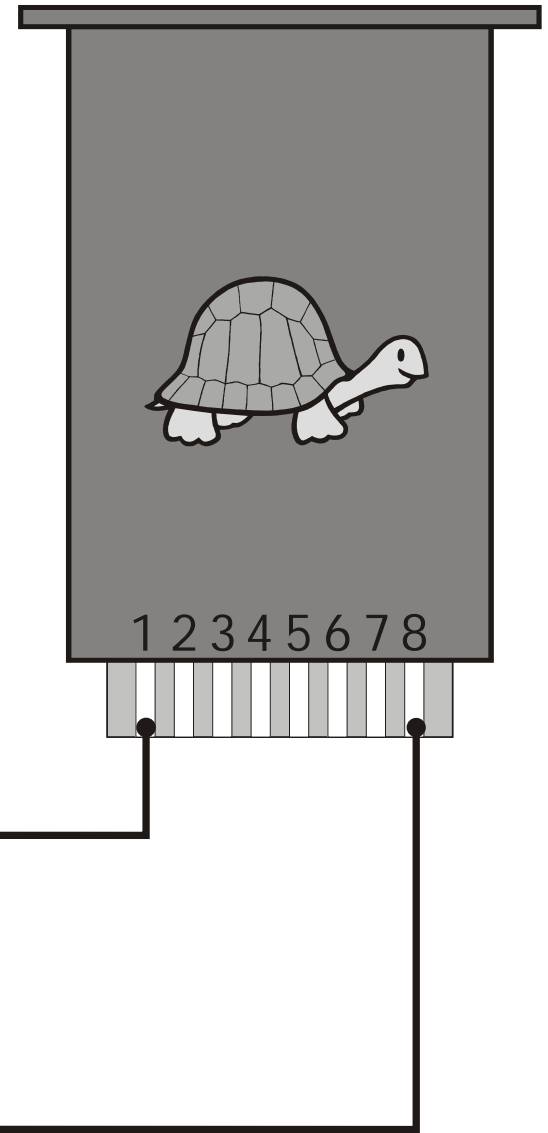

Red LED

Green LED

211 RocBaar Drive
Romeoville, IL 60446
(815) 886-9010

To Panel Switch

Note: Do not use additional resistors. The resistance of the TORTOISE motor is about 600 ohms, an ideal limiting resistance for LEDs.
